Olá, amiguinhos!
Eu sou a **Aboborina**!

E eu sou o **Aboborino**!
Vamos brincar e conhecer
mais sobre a **abóbora**!?

ABOBORINHA

A abóbora é um fruto que pertence à família das *Cucurbitáceas*, a mesma de melancia, melão, chuchu e pepino. Acredita-se que ela seja nativa do México e do sul dos EUA, e fazia parte da alimentação das civilizações maia, asteca e inca. No Brasil, as abóboras têm sido cultivadas há muito tempo e já faziam parte da alimentação dos povos indígenas antes da colonização portuguesa.
